RATIONAL TREATMENT OF THE IRRATIONAL.

A committee on Insane Asylum Management, appointed by the Senate of New York, has been hearing a great deal of valuable evidence in regard to the care of the insane. The testimony submitted by experts has almost all favored a radical change in the system of asylum management at present in vogue. It has been found that the insane are kept in much better health and spirits and are frequently cured through the agency of work and cheerful associations. The utmost liberty of the patients, consistent with their constant surveillance, has been found most beneficial. As shown by the testimony quoted below, admirable results have been secured under a system of asylum management which is largely self supporting. There is no good reason for keeping the insane in idleness. Both the sane and the insane are the better for occupation. We hope the Nevada Board of Commissioners for the Insane are giving some attention to the progress that is being made abroad and in the Eastern States in the management of the insane. This winter the Legislature will be called upon to take some action regarding the State's insane. If Nevada is to have an asylum of her own, let it be an institution representing the progress of neurological science as well as modern improvements in architecture. The following extract from a report of evidence submitted to the New York Senate Committee will be found valuable in this connection:

"Dr. Mason gave an interesting description of the colony of Ghuel, in Belgium, twenty-four miles from Antwerp, were 1,600 insane patients are taken care of in a population of 12,000 with so little restraint that it is difficult to distinguish the sane from the insane. The patients are not taken from the more dangerous or violent classes, but they are all insane to a greater or less extent. Yet the insane patients are employed as nurses, messengers, and in various industrial pursuits. It is a common thing to see an insane servant in charge of a child. It is found that two-thirds of the insane are willing to work, and about that proportion are employed on the farms. Of course, the amount of work exacted is not great or arbitrary, but it is constant and a very considerable addition to the productiveness of the place. There are few cases of violence and only about a dozen escapes a year. He concluded from his visit to this place that the insane may be trusted with a great amount of liberty; that the amount of work which the insane do cheerfully is considerable, and that the administrative and medical parts of the care of the insane should be distinct from each other.

Dr. Morton also described a private insane establishment at Clairemount on the Oise River in France, called the Fitzjames colony. Here there are about 1,200 patients of all kinds. Some are pay patients and some are paupers, for whom the government pays about twenty-five cents a day. About 500 patients labor in the fields or workshops. Their earnings constitute the main source of profit.

Dr. McBride of the Neurological Society, endorsed the views presented by the other members of the society. He said that when general practitioners are better versed in the treatment of insanity many cases that are now sent to asylums would be treated at home and cured in incipient stages. He called attention to the fact that the modern modes of treating insanity have been a great change and improvement upon old methods. The theory now is that insanity is a disease that ought to be treated like other diseases, after careful study, and insane asylums ought to be managed like other hospitals."

The Salt Lake *Tribune* wants to know who wrote Senator Jones speech on the silver question. It has been frequently said thet Harry George, the author of Progress and Poverty, wrote it.

At 2 o'clock yesterday morning the jury in the Schroeder case had been out thirty-one hours without coming to an agreement.

NEW BILLS FOR DISCUSSION.

The defalcation of Treasurer Carrick of Storey county, amounting to about $21,000, awakened the Comstockers to a sense of the need of some additional safeguards against official plundering. The *Enterprise* has published a bill designed to provide a check upon County Treasurers. The bill provides for the creation of a Board of Examiners in each and every county in the State; said Board to be composed of the Board of Commissioners and the County Auditor. It is made the duty of the Auditor to furnish the Board of Commissioners in January, April, July and October of each year with a statement of the amount of money, securities and other property in the custody of the Treasurer, and in company with the Board of Commissioners, to count, examine and inspect the same and carefully determine whether the funds and property are all on hand and properly protected. If any member of the Board of Examiners shall refuse or neglect to comply with the provisions of the Act, he shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined in any sum not less than $100.

There appears to be no objection to this bill. It makes the public funds more secure. But the main reliance is, after all, on the character of the Treasurer. He can steal a great deal in three months, if he wants to. Washoe caunty has unbounded confidence in its Treasurer, and does not feel the need of any additional protection.

There are serious objections to another bill proposed by the *Enterprise* with the object of preventing County Commissioners from committing petty larceny. The bill provides that no County Commissioner shall have power or privilege to make any advance to any indigent, sick or infirm person, under any pretext whatever, of any money, credit, security, merchandise, or other valuable, for any purpose, until the same shall have been passed upon and allowed at a regular meeting of the Board. If the Board of Commissioners, or any member of the Board, violates this provision, they or he shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined in any sum not exceeding $50, and shall be liable for any loss, damage or expense sustained by the county in consequence of such violation.

The effect of this bill would be to deprive many indigent and unfortunate persons of greatly needed assistance. Should a family be found on the verge of starvation they must, under the operation of the proposed act, be left to starve until the next regular meeting of the Commissioners. As the meetings of the Commissioners are monthly, the starving family would thus be afforded an opportunity of dying before any official relief could be afforded. The aim of this bill is too petty. It is ridiculous to elect a man to such a responsible position as that of Commissioner and then to treat him as if he were capable of the meanest kind of petty peculation. Congress might as well pass a law to prevent the President of the United States from making a commission on supplies for the White House.

AN INQUIRY FOR OYSTERS.

"Is there no one that sells Eastern oysters (shell) in Reno? I see no ad. in your paper. I would like to get a few occasionally for my own family use, but can't see any ad. to send to in Reno."

The above came as a postscript to a business letter received from Greenville, Plumas county, to-day. It furnishes an excellent text for some remarks on the benefits of advertising. An advertisement in the WEEKLY GAZETTE, setting forth the fact that fresh oysters are at all times to be had in Reno, and will be forwarded to any address up north on receipt of the order and remittance, would no doubt add appreciably to the business done by the advertiser. The same is true of every line of business prosecuted in Reno. There is a splendid market in Sierra, Lassen, Plumas and Modoc counties for Reno merchandise. There are thousands of articles that can be sent by mail at a trifling cost for postage, and thus the retailer can supply the consumer several hundred miles away as easily as one living in the same town. Teams are constantly going out with heavy freight. The stages carry small parcels. It would pay Reno business men to advertise largely in the WEEKLY GAZETTE, which in the four counties above named has a larger circulation than any paper on the Coast. Its circulation has been rapidly increasing, and at its present low price of $1 per year, subscriptions are pouring in every day. The DAILY and the WEEKLY GAZETTE are the best advertising mediums for eastern Nevada and northwestern California.

SARAH BERNHARDT.

Sarah Bernhardt will go back to France with a clear profit of $100,000. This is what it is to be a woman of genius and eccentricities. Her engagement has been the most profitable ever played in New York

Sarah Bernhardt has been indecently treated by many of the hounds of journalism. Vile and slanderous stories have been published about her. Obscene books, purporting to be histories of her life, have been openly sold in New York, and advertised by flaring posters carried through the streets. This is shameful. Sarah Bernhardt has not led a debauched life. She has never been an adventuress. It is true that she has children and has never been married. She does not believe in the institution of marriage. Therefore her life, judged by the established code of morality, has been far from exemplary. But she did not come to this country for social recognition, nor to disseminate the heretical social doctrines that she holds. She came simply as an actress, to display her art. Her genius has met with its proper recognition and reward. The public were not concerned with the faults of the woman. They went to see the artist. The abuse which the ministers and the religious press heaped upon the woman served only as advertisements, and added to the gains of the actress. The cruel and uncalled-for censure to which Sarah Bernhardt has been subjected has created a reaction in her favor, and has called out some generous articles in her defence from some of the brightest literary men of New York. Similary, in England, the same course of treatment brought out a manly defence of her through the columns of a leading newspaper. To the writer of the article the following note was written. No one who reads it will think the woman who wrote it can be so bad as she has been painted:

Sir:—I receive your journal, in which I find both the unmanly sermon of the Rev. X—— and your energetic reply.

I assure you that I am more touched by your impassioned defence than I was wounded by the insult.

I believe with all my soul that hypocrisy is the most cowardly of vices.

I have a child; I love him. The stones that they cast at me as I go along shall not hit his young head. I will guide him to the end, because that is my duty.

If when he was born I had strangled him and thrown him into the gutter, I should be at peace with society. But what would you have? I am so original that I prefer to be at peace with my conscience and with God.

SARAH BERNHARDT.

If the ministers had refrained from preaching at Bernhardt and the licentious press from throwing mud at her, the interests of social morality would have been better conserved than by the course they adopted. But as so much slander has been heaped upon her, even on this coast, so far removed from the scene of her triumphs, it seems only justice and decency to endeavor to remove from her reputation some of the smut with which it has been so freely smirched.

NOT IN THE CONSTITUTION.

We have read the Constitution of the United States and of the State of Nevada, and we have seen nothing that says that the Virginia *Enterprise* may have an opinion and that other Nevada papers may not. The *Enterprise* holds the belief that the silver dollar, of 412½ grains, is a better dollar for this State and country than a heavier one. The GAZETTE recently ventured to say that it thought that it would be better for us and for the country at large to have a little more metal in our standard dollar. Such is the opinion of men like Hayes, Sherman, Grant, Blaine, Conkling, Garfield, Bayard, Thurman, Schurz and hundreds of others, and we have seen nothiug in the arguments of the *Enterprise* that seemed to overturn their position. The only points it makes towards sustaining itself is that the GAZETTE "is so terribly afraid of the silver dollar that it looks upon it as the great calsmity that is going to overtake mankind." That "the great enemies of the mining in this State are the rural press, chief among which are the Carson *Appeal* and the Reno GAZETTE," and that the question in Virginia is, "How much does the *Appeal* want and what will it take to buy off the GAZETTE?" There has been nothing in the course of the GAZETTE or in our intercourse with the *Enterprise* men to found any such attacks upon. We would like to see the silver dollar question argued on its merits, but newspaper controversies seem to run into senseless abuse so quick that they are not very profitable.

MURDER AND MANSLAUGHTER.

It is well for everybody to understand the legal distinctions between the degrees of murder and between murder and manslaughter. They were tersely and lucidly stated by Judge Brady, of New York, in a case which came before him for trial last week. The *Sun* gives the following report of his definitions:

"The Judge proceeded to define what constituted murder in the first degree. He held that there must be deliberation and premeditation. No particular time was required for these operations of the mind except such as sufficed to think over the deed and do it. The fact that, according to the prisoner's statement, his blow and that which the deceased aimed at him were simultaneous had an important bearing, there being no circumstances of justification upon the question of premeditation. If the jury determined that the prisoner was not guilty of murder in the first degree, they should next consider whether he had committed murder in the second degree, which is the killing without deliberation and premeditation. If at the moment of striking the blow the prisoner intended to kill, it would be murder in the second degree. The same facts and circumstances, the Judge said, which bear on the question of deliberation bear also on the question of intention, and the same elements were to be considered in that view.

If the jury should determine that the prisoner was not guilty of murder in either the first or second degree, they should consider whether he was guilty of manslaughter in the third degree, which would be the killing with a dangerous weapon in the heat of passion, without intention to kill. On this subject all the circumstances surrounding the deed, the time, place, and manner of its consummation should be grouped together, and considered in connection with the prisoner's denial that he had intended to harm the deceased, in order to determine whether the prisoner's statement is reliable."

Lost in the Snow.

William Wallace of Grass Valley drove to the upper part of Nevada county last Monday, and in the afternoon started to return home. The snowfall became so heavy that he abandoned his wagon, and taking the two horses endeavored to break his way through the snow to the lower regions. He was found late on Tuesday afternoon, and had only one horse with him. Wallace was almost frozen, and the animal was almost dead. At last accounts the wagon and one horse had not been found.

A Hard Fact in a Sermon.

The Rev. James Hartnett preached a sermon at Davidville, Ark., on the duty of paying debts promptly. "So much for sentiment," he said, finally, "and the hard fact is that this church owes me $500, and I shall never occupy this pulpit again until it is paid."

THE BOSS!

Edison Outdone.

Over 150,000 Sold.

Patented April 2, 1878, June 11, 1878, and July 8, 1879.

Boss Coffee, Tea Pots & Urns.

It is the Boss! Why? Because it produces Boss Coffee.

It makes rich flavored Coffee! Why? Because all the aroma and food are retained.

It beat them all! Why? Because it saves 100 per cent over boiled Coffee, which is no Coffee, but bitter water. Second—Because it saves 50 per cent. over any other method of making Coffee. Third—Because it saves eggs and trouble of clarifying. Fourth—Because it makes Coffee as clear as red wine. Fifth—Because it takes only two minutes to make Boss Coffee.

The Boss works as well on Tea, and saves 25 to 50 per cent.

While Edison may furnish light to millions, the BOSS will assuredly give health to all who use it. Thousands have become dyspeptic and bilious from drinking boiled coffee or BITTER WATER, (boiled coffee is not coffee, but bitter water POISONED with coffee picotine). Stop drinking boiled coffee. Make your coffee as NATURE ORDAINED, and restore your health. Many inventors have racked their brain to furnish the human family with a practical method of making coffee At last the HAPPY RESULT has been accomplished in the production of very cheap and simple Pots and Urns celebrated as the BOSS.

TO WHOM IT MAY CONCERN.—After thoroughly testing the BOSS COFFEE POT, we, the undersigned, fully endorse the same as the best method of making Coffee we have ever seen. Besides saving eggs, it will save a large per cent. of the Coffee. It produces Coffee as clear as wine, which is much stronger, and has a more delicious flavor than any coffee made by any other process.

Harken, folks, the approaching sound;
Santa Claus is coming near.
His march to this earth is bound
To bring joy to grown and children dear.
But then he cannot take all things
On his great white old wings;
And many gifts are left therefore
At Isaac Barnett's dry goods store.
For your wife you can find
Dress goods of a hundred kinds;
Silks, satins, broches, cashmere,
To suit a fancy ever so queer.
And oh the cloaks, dolmans and burnieces,
Such a present will deserve many kisses.
For ties, silk handk'fs. of all shades
Many hearts expecting wait;
Hoods, nubas and beautiful hose
Ladies' heads, necks and l—— to enclose,
But you must not forget household wants,
Blankets, carpets, towels, napkins and tidies for stands,
And many other fancy and necessary wear,
To beautify the home you care.
For children's cloaks, gloves, etc. their eyes to blent,
Which will make them joyous clap their little hands.

—The assessment of $1 on Union becomes delinquent in the Board tomorrow.

—The $1 assessment on Sierra Nevada became delinquent in Board today.

—The Buckeye Mining Company has levied an assessment of three quarters of a cent.

—The lady who emerged from the White House in the act of concealing a little parcel under her shawl was not a thief, although she wore a guilty look when she saw that her husband's eye was fixed upon her. She had only been buying an elegant cravat as a Christmas present for him.

County Commissioners.

The County Commissioners have been in session this afternoon ordering suits commenced against delinquent tax-payers.

Ordered that the Constable proceed to collect forthwith the Reno sewer tax as levied, and that the Clerk furnish a list as levied and as assessed.

The order of C. A. Bragg, as Chairman of the Reno School District No. 13, for $1,500 on building fund for South Side school District, was allowed.

Nevada & Oregon R. R.

Col. Moore, the contractor for the Nevada & Oregon, left for San Francisco last evening. He will return to Reno on Wednesday. He has been receiving bids for construction but has not yet let any contracts. Now that his arrangements with the Company have been fully completed it is highly probable that ground will be broken in a day or two after his return, perhaps next Thursday or Friday.

An Arm Broken.

James Black, a well-known rancher, fell from a hay wagon at a late hour on Saturday afternoon and had his left arm broken, besides receiving some bad cuts and bruises on the head. His injuries were attended to by Dr. Dawson. Mr. Black was afterwards seen walking on the street, with his arm in a sling, so that his friends need not be anxious about him.

Personal.

Dr. M. Pritchard of Loyalton is in town.

Traveling Auditor Gerald, of the C. P., went west last night.

L. J. Griffith, Supt. of the Wales Con. at Eureka, visited Carson yesterday, and went below last night.

Mr. Downer, of the Downieville *Messenger*, left town to-day, on his way home from the Comstock.

BY TELEGRAPH.

Commissioner Beerstetcher Shot by Antone Fisher.

SAN FRANCISCO, Dec. 13.

Railroad Commissioner Beerstetcher was shot last night by Antone Fisher. The assailant was President of the German Workingmen's Club, of which Beerstetcher was a member. Both had been close political friends, but after the election of Beerstetcher to the Commissionership and the defeat of Fisher as candidate for Recorder at the last election the latter became an enemy of Beerstetcher. Just before the shooting last night, Fisher had been importuning Beerstetcher to obtain for him some official position. The ball struck Beerstetcher in the breast, but it is hoped that the wound is not fatal. At last accounts he was resting easily.

The Lake Divorce Case.

The argument on the motions for judgment in the Lake divorce suit, before Judge King at Carson, closed on Saturday. Messrs Varian and Lindsay appeared for the plaintiff and General Clarke for the defendant. Gen. Clark's argument did not materially differ from that he made on the demurrer which was overruled in previous proceedings at Reno. His argument was, in substance, that mental cruelty is not legal ground for divorce, maintaining that nothing short of actual physical violence is cruelty sufficient in law to support an action for divorce. The plaintiff's counsel argued the contrary, claiming that harsh and unfounded accusations made by the husband to the wife constituted the grossest cruelty, and were themselves ground for divorce, besides reviving previous acts of physical violence which had been condoned.

Judge King took the case under advisement, and will probably give an elaborately written decision, as the case involves some nice points of law and property worth perhaps half a million dollars. From the tenor of his remarks during the argument on Saturday it was inferred that his decision would undoubtedly be a decree of divorce for the plaintiff. The bar of Reno seem agreed that an excellent case has been made out for the plaintiff. Judge King's decision may not be submitted for several weeks yet, as he has been referred by counsel to many legal authorities for the settlement of points in dispute.

All the News in Milford—Sheep and Deer Having a Tough Time in the Snow.

MILFORD, Lassen Co., Dec. 9, 1880.

Editor Gazette:—We have had a very severe storm for the first of December. It began snowing on the first of December and continued for three days, and fell to the depth of 3½ and 4 feet at different places along the foot of the hills. I hear of a great many sheep being snowed in north of here. Ed. Tregaskis, who has a band of 2,400 twelve miles north of the hot spring, was snowed in for six days in 4 feet of snow, without any food at all. At the end of that time they succeeded in rescuing them. The storm has driven the deer from the mountains and they are being killed here in the grain fields. Thos Doyle killed two yesterday within half a mile of town. The boys are having lots of sport sleighing and dancing. There was a party at Janesville last night at J. R. Bailey's hotel. Some of the boys went home minus over-shoes and hats and rumor says that one man lost his sleigh.

BOLIVER.

Express Matter for the North.

The Columbia river is no longer navigable, in consequence of the cold weather, and express matter from San Francisco for Walla Walla and Northeastern Oregon is sent from Winnemucca north. The *Silver State* says: This causes a rush to the express office, and at times there are such large quantities of freight that the stages cannot hold it.

Evans Catches His Sheep Thief.

Alvaro Evans has been absent from Reno several weeks, watching for Oscar Tharp, the young man who stole a flock of 2,500 sheep from him last summer. Mr. Evans has caught the thief in Missouri and is now on the way home to Reno with his man.

And So Are FINE Clothing, BOOTS, SHOES, HATS,

Gentlemen's AND BOYS FINE FURNISHING GOODS.

☞If you go to the right place to get them. This is a mighty important point, for some people who assert that they sell cheap do nothing of the kind. We do not boast when we say that we defy competition in prices in anything in our line. Besides this we have only one price. We have no preferred customers. Everybody is treated alike at our establishment. Our stock is the largest and most complete ever offered in any part of this State. Everything we have is new. No old, musty and out-of-date goods can be found on our shelves. We receive daily by rail and express the latest and best goods, which are obtained at first hand and sold at prices below those now prevailing in New York and Chicago. Let the people come and judge of our prices and examine our stock before going into those humbugging, Cheap John shops, in which they drum into the ear of the customer that they sell at cost and even below cost. Anybody with common sense must know that they lie. No storekeeper sells goods for the fun of the thing. We make a profit on everything we sell, as every honest merchant does, and don't print foolish falsehoods in the vain hope of deceiving the public. One must make a profit to live. We particularly call attention to our full stock of fancy underwear, such as is kept nowhere else in Reno. This class of goods form one of our specialties. Orders from the country promptly attended to. Look out for the White Building with the Gold Sign.

Summons.

IN THE DISTRICT COURT OF THE Second Judicial District of Nevada, in and for the County of Washoe.

The State of Nevada sends to Mary Jane Hall, Greeting: You are hereby required to appear in an action commenced against you as defendant by S. C. Hall, as plaintiff, in the district court of the Second Judicial District, in and for the county of Washoe, State of Nevada, and answer the complaint therein within ten days after the service on you of this Summons (exclusive of the day of service), is served in said county, or twenty days if served out of said county, but within said district, and in all other cases forty days; or Judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to obtain a judgment and decree of divorce against the defendant and in favor of the plaintiff. The complaint alleges that the plaintiff and defendant intermarried at Hookset, in the State of New Hampshire, A. D. 1853, and lived and cohabited together until on or about the 28 day of August, A. D. 1872. That plaintiff was a true and faithful husband. That on the 28th day of August, A. D. 1872, at Reno, Nevada, defendant left plaintiff's bed and board and has ever since said time abandoned and refused to live with plaintiff, and has gone to the State of Massachusetts, deserting and refusing to cohabit with plaintiff, all of which will more fully appear from the Complaint which is on file in the office of the clerk of said court at Reno, in said county. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the court for the relief demanded.

{SEAL.} In testimony whereof, I, MARK PARISH, have hereunto set my hand and affixed the seal of said court, this 13th day of November, A. D. 1880.

MISCELLANEOUS.

The Sun for 1881

Everybody reads the SUN. In the editions of this newspaper throughout the year to come everybody will find:

I. All the world's news, so presented that the reader will get the greatest amount of information with the least unprofitable expenditure of time and eyesight. The SUN long ago discovered the golden mean between redundant fulness and unsatisfactory brevity.

II. Much of that sort of news which depends less upon its recognized importance than upon its interest to mankind. From morning to morning the SUN prints a continued story of the lives of real men and women, and of their deeds, plans, loves, hates, and troubles. This story is more varied and more interesting than any romance that was ever devised.

III. Good writing in every column, and freshness, originality, accuracy, and decorum in the treatment of every subject.

IV. Honest comment The SUN's habit is to speak out fearlessly about men and things.

V. Equal candor in dealing with each political party, and equal readiness to commend what is praiseworthy or to rebuke what is blamable in Democrat or Republican.

VI. Absolute independence of partisan organizations, but unwavering loyalty to true Democratic principles. The SUN believes that the Government which the Constitution gives us is a good one to keep. Its notion of duty is to resist to its utmost power the efforts of men in the Republican party to set up another form of government in place of that which exists. The year 1881 and the years immediately following will probably decide this supremely important contest. The SUN believes that the victory will be with the people as against the Rings for monopoly, the Rings for plunder, and the Rings for imperial power.

Our terms are as follows:

For the Daily SUN, a four-page sheet of twenty-eight columns, the price by mail, post paid, is 55 cents a month, or $6 50 a year; or, including the Sunday paper, an eight page sheet of fifty-six columns, the price is 65 cents a month, or $7 70 a year, postage paid.

The Sunday edition of the SUN is also furnished separately at $1 20 a year, postage paid.

The price of the Weekly SUN, eight pages, fifty-six columns, is $1 a year, postage paid. For clubs of ten sending $10 we will send an extra copy free.
